THE NOMINEES.—By the mail of to-day, (Saturday), we have received the news of the nomination of the Democratic candidates for President and Vice President. On the 22d ballot, Horatio Seymour of New York, was nominated as the Democratic candidate for President, and Francis P. Blair, Jr., of Missouri, for Vice President. Want of time prevents us from referring to the nominations or the platform at further length in this issue. The nominations give perfect satisfaction to the Democracy. There can be no doubt of their election; the contest will be a bitter one, but so sure as an election is held on the 3d day of next November, just so sure it is that Horatio Seymour will be the next President of these United States.

STARTLING INTELLIGENCE.—Gosh all firelocks! goodness gracious! dunder and blixen! w-h-e-w!! Woop!! Big Injins, Great calves and blubber-lipped infants! We have found a short paragraph in the Mt. Messenger—which by the way, will no doubt be not only a decent, but a No. 1 mountain paper, now that a change in the proprietorship has been made and one of the former owners is out of the concern—which said paragraph informs the whole world, including the Radical Republicans of this Congressional District, that Gear, Hiram L. Gear, the present District Attorney of Plumas county, is a candidate for the nomination for Congressman, and that his name will be before the District Convention. T-h-a-t, what do you think of that? The "Great Calf" didn't go to Oroville to follow for nothing. We advise Westmoreland, Goodwin, Hartson and all the lesser lights of that party to stand back and make room for the "Great Calf of the mountains."

FAIR PLAY.—The State Capital Reporter is a good paper, a No. 1 paper, an ably edited paper and a paper which should receive a generous support, but notwithstanding all that it should be a little more careful in giving "credits." If it continues to credit to the National, articles taken from a Copperhead sheet, the National's manager will be very apt to consider it as an intended insult and refuse to exchange. As a matter of course, we have no reason to find any fault not the least.

A mouse caused him to be a marked man in the Chicago Convention, and when the question was asked: "Who is that good looking man with a huge mouse-tache, who cast the vote of the California delegates?" The reply was: "That's Jack Strattan, the most liberal News Agent in San Francisco." Strattan is rather inclined to be a little radical in his political belief, but that does not prevent him from furnishing the Lacrosse Democrat, Ohio Oracle, Louisville Journal, N. Y. World, Tribune, Day Book, Herald, Ledger, etc., to say one that sends him their orders. Democratic as well as Republican papers are kept upon his counters. Religious and sensational papers and Magazines can always be found at his store. We know these facts because the last package we received from him contained a little of "all sorts." Major, may you never weary in well doing.

The National Democratic Convention.

New York, July 4th.
The National Democratic Convention has assembled at Tammany Hall, which is handsomely decorated for the occasion with large American flags, etc., and elaborate painted escutcheons of all the States. The accommodations for delegates are ample, and the arrangements for the press are excellent. The hall and galleries are densely crowded.

At twenty minutes past twelve, August Belmont called the Convention to order. He spoke at some length, denouncing the policy and character of the dominant party, and concluded by nominating for temporary Chairman Henry W. Palmer, of Wisconsin, which was agreed to.

Palmer took the chair amid applause, and briefly returned thanks for the honor.

Prayer was offered by Rev. D. Morgan, Rector of St. Thomas Church.

After considerable discussion, the rules of the House of Representatives were adopted for the government of the Convention.

Several motions were made in regard to the appointment of Committees on Permanent Organization and Credentials. A motion to allow the territories to be represented on both committees, was lost—106 to 184.

A motion was finally passed allowing States only to be represented on these Committees, which were therefore appointed.

California is represented in the Committee on Credentials by W. Scobey; Committee on Permanent Organization by A. H. Rose.

A Committee on Resolutions was subsequently appointed, California being represented by E. Steele.

A resolution was adopted instructing two of the former committees to report at 7 this evening.

A motion was adopted that all resolutions offered shall be referred to the Committee on Resolutions without debate.

It was ordered that the Committee on Organization be instructed to report rules for the government of the Convention.

Brooks, on behalf of the New York delegation, moved to reconsider the resolution for meeting to-night. He urged the extreme heat, and also the fact that the city of New York had arranged for the celebration of the day, and hoped the Convention would participate.

After a lengthy discussion the motion to reconsider prevailed, and the Convention adjourned to Monday at 10 o'clock—the Secretary having first read the Declaration of Independence by vote of the Convention.

The Convention met on Monday. Horatio Seymour was elected Chairman. The following is a sketch of the resolutions adopted.

The Democratic party, in National Convention assembled, standing as ever by the Constitution of the Government and the guarantee of the liberties of the citizens, and recognizing as consequences of the late civil war the extinction of slavery and of the heresy of secession, with the return of peace; demand

First—The restoration of all the States to their rights in the Union, and the restoration of civil government to the American people.

Second—Amnesty for all political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the national obligations in strict accordance with their terms.

Fourth—The taxation of Government Bonds to the same extent as other property is taxed.

Fifth—One currency for the Government and the people, the laborer, office holder, pensioner, and bondholder.

Sixth—Economy in the administration of the Government, the reduction of the standing army; the abolition of the Freedmen's Bureau and all political instrumentalities designed to secure negro supremacy; the simplification of the revenue system and the discontinuance of inequitable modes of assessing and collecting internal revenue, so that the burdens of taxation may be equalized and lessened, the credit of the Government increased, the currency made good and the national debt funded at a lower rate of interest.

Seventh—Reform of the abuses in the Administration; expulsion of corrupt men from office; the reservation of the public lands for homes for the working people; restoration to their rightful authority and independence of the Executive and Judiciary, and the subordination of military to civil rule, to the end that the usurpation of Congress and the exasperation of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad, and an assertion of American nationality which shall demand the respect of foreign powers and furnish an example and encouragement to all people struggling for national integrity and Constitutional liberty.

Separate resolutions are devoted to thanks to the soldiers and to President Johnson.

The Convention remained in session until Thursday. Twenty-two ballots were taken before the nomination was made. But one ballot for Vice President was made. A more extended report of the proceedings will be published in our next. The news of the nominations was everywhere received with joy by the Democracy.

SOLDIERS' AND SAILORS' CONVENTION.—New York, July 4th.—The Soldiers' and Sailors' Convention met in the large hall of the Cooper Institute. Gen. McClelland of Illinois was elected temporary chairman. A Committee of Permanent Organization was appointed, which reported Gen. W. B. Franklin for Permanent Chairman, and a long list of Vice Presidents and Secretaries. General Franklin was elected to the chair amid immense cheering, and made a few appropriate remarks.

The Convention passed resolutions endorsing the platform and the nominees and pledging them their support.

Spilling salt was held to be an unlucky omen by the Romans, and the superstition has descended to ourselves. Leonardo da Vinci availed himself of this tradition in his famous picture of the 'Lord's Supper,' to indicate Judas Iscariot by the salt cellar knocked over accidentally by his arm. Salt was used in sacrifice by the Greeks and Romans, and also by the Jews, and is still made use of in baptism by Roman Catholic clergy. It was an emblem of purity, and of the sanctifying influence on others of a holy life; hence our Lord tells his disciples, "Ye are the salt of the earth." The salt being spilt after it was placed on the head of the victim was considered a bad omen, being supposed to signify that the sacrifice was not accepted; and hence the superstition.

ALL THE WAY FROM PIKE.—We are permitted to make the following extracts from a letter received from "Old" John Harrison, by Dr. Vaughn, a few days since. In speaking of the farming prospects, he says: "The last two seasons have been rather disastrous to the farmers; cause too much rain. The wheat crop this year will be a good one; in Missouri it will be largely in advance of any crop harvested in a long time, both in quantity and quality. * * * If ever a land or people were cursed with poverty, it is this part of Missouri. * * * Tom English and Gus Shaw, two old Plumas miners are living near here." In speaking of the R. R., he says: "I fancy I can hear the iron horse snort as it passes Boglio's on Junction Bar, then on to Missouri Bar, thence to Irwin's Store, up the canon to the Junction and then to Quincy. I am coming. I want to ride on that road." Of politics, he states that "The farmers hereabouts, don't seem to take much interest in the matter—not enough to go to the elections." John is sick of Radicalism. He has a "hankering" after California, and says: "I want to see a gold dollar once more before I die. We have nothing here but greenbacks; 5 and 10 cent pieces in paper is a beautiful currency for the best Government the world ever saw."

HOPKINS.—More money is being taken out by the miners of Hopkins this season than for years before, and consequently, times are livelier. Gardner & Co. are at work in their hydraulic claims which are situated on the hill opposite the forks and about 300 feet above the bed of the creek, and are getting an ounce a day to the hand; last week they took out \$480. John Trucks & Co. are working with a hydraulic and are averaging about \$12 per day. Betts & Co., McManus & Co. and Holloway & Co. are all on the same lead which was discovered last fall, and are all getting big pay. The ditch will supply them with water to work the whole year. The diggings are very extensive and have paid from the commencement. Barnes & Co. on the point above Hopkins, are working with a hydraulic; they have picked up about 2 ounces per day for the past month; they will make a big clean up. Cox & Co. are also getting big pay. Several of the drift claims are also paying good wages.

FOR THE STATES.—Hon. R. A. Clark, of Sawpit, has sold out bed, books and baggage, and intends leaving for the Atlantic States in a few days. Mr. C. has no intention of returning to this State.

GRAND JURY.—On Wednesday last Judge Hogan issued an order for a special Grand Jury of 24 good, true and lawful citizens of the county to be summoned by the Sheriff, to meet on Monday the 20th inst.

The Quincy Union.

LOCAL ITEMS.

Announced.—The County Court has adjourned until the 26th.

HAYING.—The farmers in Indian and American valleys have commenced haying.

GOVE EAST.—Mr. Decker, left Quincy last week on his way to the Atlantic States.

CONVENTION.—The Republicans have ordered a Convention to meet in Quincy on the 25th of July.

NOTICE.—See notice of a School District Election in the Taylorville District, which is published in another column.

STAGERS.—Garland's stages leave Oroville after the arrival of the cars from Marysville and Sacramento and arrive in Quincy by noon the next day.

GOODS.—Joe Hickman, near Caribou, on the North Fork, took out 40 ounces of gold from his claim last week. A pretty good week's work for two men.

P. O. CHANGE.—The Post Office at Bucks Ranch, W. Wagner, Postmaster, has been discontinued and a new office established at Buckeye, Joel Finn, Postmaster.

ELECTION.—An election for Supervisors in each of the Supervisor Districts in this county has been ordered by the Clerk to take place on the 25th day of August.

NEW GOODS.—Kaulback, Moore and Lee, merchants in this place, are all receiving their summer stock of goods. Goods of all kinds, especially dry goods, are selling very cheap.

SURVEY.—Mr. Keddle and his assistants will complete the survey on the R. R. route between Quincy and Beckworth Pass this Summer. He intends to commence work upon it at once.

FINISHED.—The repairs on the Quincy Race Course are completed. The track is in splendid condition, and will be kept so until after the meeting of the Jockey Club, which commences on the 3d of August.

APPOINTED.—Thos. Hagart has been appointed Administrator upon the estate of James Twing, deceased; N. K. Wright, upon the estate of Chas. Belden, deceased, and Dixon Brabben, upon the estate of J. Brown, deceased.

SPIRITS.—A Spiritual Circle has been formed at Meadow Valley, and a public seance is held every Sunday. A preacher from the Spirit Land is said to hold forth (through a medium) to the audience, at each meeting.

POOLS.—A number of pools upon the candidates for nominations for the Presidency by the National Democratic Convention, were made up in this town during the past week. Pendleton, Haight, Chase and Hendricks were named more frequently than any of the others.

POSTPONED.—Owing to the fact that three days' racing are advertised to come off over the Grass Valley track on the 23d, 24th and 25th of July, the members of the Jockey Club in this town have concluded to postpone the races over the Quincy Course until the 3d, 4th, 5th, 6th and 7th of August.

ENDED.—The Camp Meeting of Indian Valley closed on Saturday last. The soul-saving party of the performance could not be pronounced entirely successful as but few of the many hardened sinners in that locality found their way to the anxious seat, otherwise it was success.

SAD ACCIDENT.—At La Porte, on the 3d inst., Mrs. James M. Daughters met with a serious accident. On hearing of the unfortunate accident of her friend Miss Rosa Waite, she started with a child in arms to pay her a visit. In crossing the street she fell, causing both a fracture and dislocation of the elbow joint.—Appeal.

GRASS VALLEY HOUSE.—Messrs. Tartan Smith & H. Small, have leased the Grass Valley Hotel, at Little Grass Valley, near La Porte, and are prepared to accommodate all who may call upon them. The race track is now in splendid order, a new stable has been built, and ample accommodations can be found for both man and beast.

SOLD OUT.—We learn that Mr. E. H. Pierce has sold his ranch in Santa Barbara county, which he purchased last year, and that he is now on a visit to the Humboldt Bay country for the purpose of selecting another location. The rise in property in Santa Barbara was so great during the year, that Mr. P. sold out for nearly double the amount he paid.

WILL BE LET.—The advertisement for proposals to carry a mail over the route between Quincy and the Summit will be published this fall, and the probability is that a contract will be let. The reason given by the Assistant P. M. General for the failure to let the contract last year is that the revenue and appropriations for the P. O. Department were too small to warrant the Department in establishing any new routes.

THE 4TH.—A salute of thirteen guns were fired in the morning and also in the evening; two flags were displayed, one on the Court House and one at the Plumas House; a large amount of champagne and lager was swallowed, and a dance in the evening, constituted the entire programme of the celebration of the glorious Fourth in Quincy.

POORMAN.—Moore & Co.'s drift claims are paying \$5 per day to the land. Turner is also drifting and making fair wages. But little mining is being done on the creek this year. Chinamen are getting pretty thick on both Hopkins and Poorman's. The white miners are refusing to sell them claims and there is considerable feeling in opposition to their being allowed to hold claims.

THE ACCIDENT AT LA PORTE.—We copy from the Appeal an account of the sad accident which happened near La Porte on the 3d inst. There were 13 persons on board the wagon which was capsized and nine out of the 13 were more or less injured. From a gentleman who left La Porte on Thursday, we learn that all of the injured parties are doing as well as could be expected. The Appeal says:

"We learn that a sad accident occurred at or near the old Lexington House, Plumas county, on the 3d instant, from the overturning of a wagon loaded with ladies and gentlemen from La Porte, on their way to Strawberry Valley to attend a ball. This wagon, containing this ball party, had stopped for other wagons to pass, when the horses, becoming unmanageable, the wagon was upset and the parties thrown under the wheels of the passing wagon, and the following parties seriously injured: Mrs. Hitchcock had an arm fractured and shoulder dislocated and broken; Miss Rosa Waite had her jaw bone broken; Mrs. Dr. Mussey had her wrist dislocated, and the wheel passed over her head, causing serious injuries. Mr. Hitchcock suffered serious internal injuries by both wheels of the wagon passing over his breast. One wheel of the wagon passed over the hand of E. J. Bryant, mashing the same horribly. The other members of the party escaped with less serious injuries, but all were more or less hurt. By the prompt assistance of Dr. J. B. Mussey and his assistant, the parties were properly treated, and when our informant left were doing well."

SHERIFF SALES.—A friend in Indian Valley, writes thus:

ED. UNION.—Why does the present Democratic Sheriff advertise sheriff sales in the National? It is well known that his predecessor in office, pre-emptorily refused to allow any sales to be published in your paper; then why, if there is no law compelling him to do so, does the present Sheriff give his official patronage to a political opponent? Can you tell? Yours, C.

Our friend "C." is not well posted on this subject. A few weeks since, the fugleman of the National, publicly notified the Sheriff that he would publish all sales for the period of four months for the insignificant sum of 75 cents. That was less than we could or would do the work for, and so we informed Mr. Yeates, and he as an officer and an honest man, had no right to force parties to suits to pay us one dollar per square, when he could procure the same work for such a trifling sum. When he sent the ad, which appears in the "Baby" and to which "C" refers to, to that office, he paid 75 cents and took a receipt in full for the whole time as proposed by the manager of the Republican party organ. Consequently, all sales hereafter published in that paper during the time, will not cost him, or the parties to the actions, one farthing. The action of the Sheriff is correct; we have no reason to complain, but it is somewhat different from the course pursued by the County Clerk, the Treasurer, District Attorney and the late Board of Supervisors, of this county.

MINING ENTERPRISE.—Messrs. McVay & Co. have filed with the County Recorder, a notice of location of mining claims on Spanish Creek, near the Devil's Elbow. They claim 3,000 feet of the bed of the stream and intend to run a bed rock tunnel through the "elbow," through which to turn the stream and drain the ground. We learn that work will soon be commenced upon the tunnel, and when commenced, will be carried on until the same is completed. The enterprise will doubtless prove to be a profitable one, but it will require considerable outlay, both of money and labor.

NEW YORK MILL.—Mr. Perkins, the Superintendent of the New York Mill and mine, has notified Messrs. Jenkins & Kellogg that he will renew his contract for water for another year. Mr. P. is now in San Francisco, but is expected home in a few days. We hear that he is getting the ledge opened in good shape and has struck some excellent rock. The mill will commence crushing again in a few weeks.

OFFICERS.—Alturas Lodge No. 80, I. O. of O. F., at La Porte, elected the following officers: L. W. French, N. G.; J. C. Boring, V. G.; E. R. Bibcock, Sec.; B. W. Barnes, Treas. Olive Branch Encampment No. 9, I. O. O. F., elected S. S. Russell, C. P.; J. D. Blair, H. P.; L. W. French, S. W.; Dixon Brabben, Scribe; B. W. Barnes, Treas.; R. D. Bosworth, J. W.

KLEPTOMANIA.—On Sunday last, one of the shareholders in the Union Co. at Sawpit, was arrested upon a complaint of other members of the Company, who charged him with embezzling a certain amount of funds of the company. The examination was postponed for a few days for the purpose of procuring evidence.

GENUINE.—In County Court, on Wednesday last, Catharine Yager, alias "German Catharine," pled guilty to the charge of assault and battery upon the person of Mrs. Howell, and was fined in the sum of \$75, which fine was immediately paid and she was discharged. The "rumpus" upon which the charge was made, occurred at La Porte last winter.

BULL FROG.—The Bull Frog quartz mill on Rush Creek, which is now owned by McClellan, Bidwell & Co., is running and averaging about \$100 per day.

Election Notice.—Notice is hereby given to the qualified electors of the Taylor School District, that an election will be held on the 25th day of July, 1894, at which will be submitted the question of voting a tax to maintain a free school for two months during the current year. It will be necessary to raise for this purpose the sum of Eight Hundred Dollars. The election at an Assessor and Collector of said proposed tax will be held at the same time and place. The Polls will be open at the public school house at Taylorville, between the hours of one and six P. M.
A. A. COOPER,
O. D. PECK,
A. F. BLOOD,
District School Trustees.

SCHOOL EXAMINATION.—Mrs. Leland's school in this place, closed with a public examination on Thursday of last week. A large number of the patrons and friends of the school were present, and all expressed themselves as being well pleased with the manner in which the scholars passed their examination. Mrs. Leland has had charge of the school but a short time, but during that time, from the progress made by the scholars, she has proved herself to be a thorough, competent and successful teacher, and it is to be hoped that she will be engaged to take charge of the public school when ever the Trustees decide to open it. The examination closed with an exhibition in which all the scholars took part. Pieces were recited by a number of the scholars in a manner very creditable to themselves and which could hardly be improved upon by any one. A number of colloquies, one-act plays, etc., were admirably performed. "The Maniac," by Miss Colyer, deserves especial mention.

BOOKS.—Mr. C. W. Marlette, the popular and enterprising book agent who thoroughly canvassed this county last year, and consequently became acquainted with almost every man, woman and child in the county who knows how to read and write, has returned to Plumas, and intends to remain with us all summer, and will make another canvass of the county. Marlette brings with him a number of new books, among which are the following: The Lives and Portraits of the Presidents, from Washington to Johnson. This work contains 18 full page fine steel engravings, the biography of the Presidents, etc., etc. It is complete in one volume, elegantly bound, with gilt edges and sides. The work is sold only by subscription. Warren's New Household Physician. This work is the best, most complete and useful book of the kind ever published. Several years ago an agent canvassed the county for this book and sold a large number of copies, consequently there are but few of our citizens who have not seen it. No family should be without a copy of Dr. Warren's Household Physician. Baker's Secret Service, and Monks and Monasteries, are works which will doubtless sell. The National Hand Book of Facts and Figures, is the most complete political text book we have ever seen. It is just the kind of a book that every man who ever talks politics should have. An examination of the table of contents will be sufficient to satisfy any man that it is just the book he wants. Mr. Marlette is also the agent for several other interesting works, including a large sized Family Bible, or rather a Bible for any sized family, and for which he will canvass. It is almost useless for us to state these facts, because our citizens will have positive proof of them in a short time. If Marlette was an extremely bashful young man, we might render him some assistance by referring to the books for which he is agent at further length, but he being an old hand at the business, blessed with a peculiar faculty for carrying on an interesting conversation, and being pretty well acquainted with a majority of our citizens, any further reference to the matter would be superfluous. We hope, however, that he may meet with good success.

SULPHUR SPRING HOTEL.—We call the attention of our readers to the advertisement of the Sulphur Spring Hotel at Mohawk Valley which appears in this paper. Geo. W. McLeary is the proprietor. As a Summer resort, no more pleasant, healthy and delightful place can not be found in the State. During the past year, Mr. McLeary has expended a large amount of money in making improvements. The Hotel is one of the largest, best furnished and commodious in the county. New bath-houses have been erected, and everything that would tend to add to the pleasure and comfort of his guests has been done. The waters of these springs are celebrated for their medicinal qualities. We doubt not but that in a few years, Mohawk Valley will become the favorite Summer resort for a large number of the pleasure seekers of the lower cities.

PERILS OF PEDESTALS.—On Monday last, a pack peddler named Keats and his assistant, while making calls around Quincy for the purpose of selling goods "about so cheap as never was," met with an unpleasant customer in the shape of the Deputy Federal Tax Collector, Mr. Root, who demanded to see his license. The peddler, although having both County and Federal license, at first refused to produce them, and the Collector, acting upon information that he had received to the effect that outside of Quincy, the peddlers separated the packs and traveled separately, seized the man and all of the goods, and will hold them for forfeiture. The law requires the facts to be forwarded to the Assessor, who then hears the evidence and makes a decision.

The Quincy Union.

DEMOCRATIC STATE PLATFORM.

The following resolutions were passed at the last Democratic State Convention:

Resolved, That the expediency resorted to by the radicals in Congress for the purpose of defeating their despotic power be such as to threaten the perpetuity of the Government itself, and therefore it is the duty of all good citizens to disregard minor considerations and local issues, and join in one grand united effort to preserve the legacy left us by our fathers; to restore the industry of the country to its normal condition and relieve our people from oppressive burdens.

Resolved, That the unanimous declaration of Congress, made on the 22d day of July, 1861, that "the war is waged by the Government of the United States, not in the spirit of conquest or subjugation, or for the purpose of overthrowing or interfering with the rights and Constitution of States, but to defend and maintain the supremacy of the Constitution and to preserve the Union with all the dignity, equality and rights of the several States unimpaired," has been persistently falsified by the action and power of the Government and been perverted to schemes of ambition and revenge.

Resolved, That the impeachment of the President of the United States by the radical Congress, composed of those who assisted to elevate him to the highest position, on the most frivolous charges, is only an additional evidence of that party's violence, not actuated by any solicitude for the public welfare, and must tend to make the public opinion ridiculous in the eyes of all civilized nations.

Resolved, That Henry H. Wright, in all the elements of honesty, integrity, patriotic devotion to the best interests of the whole country, in elevated statesmanship and unwavering opposition to the disorganizing and destroying factions now threatening the permanency of constitutional government, stands pre-eminent among the guardians of the nation.

Resolved, That it is not only the patriotic duty, but the deliberate purpose of the Democratic party never to submit to be governed by negroes, nor by those claiming to be elected by negro suffrage, and we do earnestly recommend the adoption of this resolution by the National Convention of the Democratic party which shall assemble in July next.

Resolved, That the eight-hour system of labor is a Democratic measure and ought to become a national principle—making eight hours a day's work on all the public works in the United States, and that our delegates to the National Convention are requested to use their endeavors to insert this declaration in the national platform.

FLORENCE

SEWING MACHINE

CLEAN SWEEP OF THE PREMIUMS

IN 1867.

GOLD MEDAL AT AMERICAN INSTITUTE FAIR, NEW YORK.
GOLD MEDAL AT FAIR OF THE MECHANICS' ASSOCIATION OF LOWELL, MASS.
GOLD MEDAL AT MARYLAND INSTITUTE FAIR, BALTIMORE.
FIRST PREMIUM AT NEW ENGLAND AG'L FAIR, PROVIDENCE.
AND AT THE NEW YORK STATE FAIR, BUFFALO.

A Silver Medal at the Paris Exposition.
Silver Medal being the highest on Family Sewing Machines. The Gold Medal was awarded thus, "For Best Sewing Machine, and the other to the original inventor of Sewing Machines."

Report of the Judges at the Great American Institute Fair, New York City, 1867.
The whole number of Sewing Machines on exhibition in Europe, of those twelve entered for competition, the article bearing the number 120 (the Florence Sewing Machine) is declared to be the best exhibited. It is also stated incidentally that "this is better than any of its class known to the judges." (Note—The Board of Managers determined to award the first prize in articles on exhibition by declaring to give the first prize to any article unless it was pronounced by competent judges to be of greater value than the exhibition or not.) Its merits are:

First—Its material and thorough workmanship.
Second—More absolute novelty than marks the usual improvements in Sewing Machines.
Third—The reputation of the inventor for adjusting the thread, during the passage of the shuttle, and gathering up of it in the finish of the stitch.
Fourth—The simplicity of work which can be done upon it.
Fifth—The variety of work which it can do upon it.
We therefore declare that it receives the first prize.

WM. PRATT, JR., L. KNOWLES.

The Committee on Family Sewing
At the numerous Fairs held on the Pacific coast in the last four years, have unanimously declared in favor of the Florence, this machine having taken more than 100 premiums. Since the Agency has been established in California, among the gentlemen who served as Judges we mention Messrs. Andrews, Thomas, Williams, H. H. Hittcock and S. O. Briggs—men well known as being among the first and best mechanicians in the State—establishing beyond question the superiority of the Florence as a Family Sewing Machine.

THE WILLCOX & GIBBS SEWING MACHINES

Have taken over Two Hundred First Premiums within two seasons, including the highest Prize at the grand trial.

with the Florence at the Great Union Fair, New York, at which trial the Florence was overwhelmingly defeated.

Judges Report.

For the Willcox & Gibbs Machine, "thirty five" distinct claims were made for its superiority. ALL of which were sustained. Whereas for the Florence machine but "ten" were presented, "two" of which were sustained. After a thorough and impartial trial, your Committee have decided to award to the Willcox & Gibbs Machine the FIRST PREMIUM.

SYDNEY TUCKER, L. C. CHAMBERLAIN, JOSEPH WHELOCK, Judges.

COSMOPOLITAN HOTEL, SAN FRANCISCO, August, 1867.

AGENTS WILLCOX & GIBBS SEWING MACHINES:

I have used the Willcox & Gibbs Sewing Machine for three years; have also used several other first class Machines, but think the Willcox & Gibbs far superior to any of them. In the different branches of our family we have five of these Machines which attest our appreciation of its extraordinary merits.

MRS. J. L. LORD.

C. W. STEVENS, AGENT, 203 Kearny Street, San Francisco.

GOLD MEDALS

AWARDED TO

WHEELER & WILSON

FAMILY SEWING MACHINE

Over 92 Competitors

AT THE

GREAT PARIS EXPOSITION.

Being the highest honors and all the Gold Medals awarded to any Sewing Machine Co. at this Exposition.

As a Holiday Present, nothing will be more appreciated than one of these Machines.

America, England and France now unite in this grand Proclamation.

Good news! good news! the cable brings, O'er all the wires it flies, Wheeler & Wilson's sewing machine Brings back the golden prize.

Our "Uncle Sam" first struck the note, John Bull then caught the sound, New comes from France the echo back, Wheeler & Wilson's crowned.

And now no more the people doubt, So long it stood the test—The thing is fairly noted about And they will buy the best.

27-We can now supply to those who wish to purchase Stoddard's Patent Tuck Marker, one of the most useful and valuable to the Machine yet invented, which will sew one tack makes the line of marks for the next.

W. M. STODDARD, AGENT, Corner Sacramento and Montgomery Sts., San Francisco.

HOWE MACHINE COMPANY

ELIAS HOWE, Jr. Proprietor.

No. 679, Broadway, N. Y.

For Families and Manufacturers.

They are celebrated for doing the best work, and using a much smaller needle for the same thread than any other machine.

The New Improved Family Sewing Machine is without a rival, and cannot be surpassed—A Hemmer, Braider, Quilter, and Guide to go with each Family Machine is as near perfection as the best machinery in the world can make it.

They are adapted to all kinds of family sewing and manufacturing of every description, making a beautiful and perfect stitch, alike on both sides of the article sewed, and will neither rip nor travel.

The parts being exactly alike, if any part need to be replaced, the operator can replace it.

Loss of time and expense of sending to a machine shop rarely occurs.

The Best Machine in the World.
